35	75					45	75				
36						46					
37						47					
38						48					

5. Other treatments (X-ray, examination, plaque removal, gums treatments, orthodontic treatment etc.)					
Date of treatment completion	Insured signature	*Treatment cost	Treatment details	Code	tooth No.

For your convenience, and in order to help you fill in the claim form, enclosed are the treatment codes:

Treatment code	Treatment description	Type of treatment
3	Bite wing Radiography	Radiography
4	Periapical radiography	Radiography
19	Occlusal r radiography	Radiography
5	Panoramic radiography	Radiography
6	Status radiography	Radiography
28	Parallel digital radiography	Radiography
38	Digital status radiography	Radiography
39	Digital panoramic f radiography	Radiography
13	Analysis	Radiography
14	X-ray of teeth anterior	Radiography
18	Cephalometric X-ray	Radiography
893	Orthodontic set	Radiography
819	Mouth CT	Radiography
887	Upper jaw CT	Radiography
891	Lower jaw CT	Radiography
1	Preliminary examination	Preservative
2	Periodic examination	Preservative
7	First aid	Preservative
8	Plaque removal	Preservative
810	Plaque removal prior to a gum surgery	Preservative
823	Plaque removal at the periodontal dentist	Preservative
310	Meeting for fluorization	Preservative
250	Laughing gas / Nitrus / sedation	Preservative
307	Sealing canaliculus	Preservative
281	Amalgam filling 1 surface	Preservative
282	Amalgam filling 2 surfaces	Preservative
283	Amalgam filling 3 surfaces and more	Preservative
278	Colzer filling 1 surface	Preservative
279	Colzer filling 2 surfaces	Preservative
280	Colzer filling 3 surface and more	Preservative
337	Completion of tooth	Preservative
121	Addition of first peg	Preservative
122	Addition of second peg and more	Preservative
199	Direct pulp mapping	Preservative
200	Pulp amputation	Preservative
306	Primary dental crown	Preservative
201	Root canal treatment 1 canal	Preservative
202	Root canal treatment 2 canals	Preservative
203	Root canal treatment 3 canals	Preservative
207	Root canal treatment 4 canals	Preservative
355	Specialist root canal treatment 1 canal	Preservative

Treatment code	Treatment description	Type of treatment
354	Specialist root canal treatment 2 canals	Preservative
353	Specialist root canal treatment 3 canals	Preservative
365	Specialist root canal treatment 4 canals	Preservative
204	Renovation of root canal treatment 1 canal	Preservative
205	Renovation of root canal treatment 2 canals	Preservative
206	Renovation of root canal treatment 3 canals	Preservative
208	Renovation of root canal treatment 4 canals	Preservative
357	Renovation of specialist root canal treatment 1 canal	Preservative
358	Renovation of specialist root canal treatment 2 canals	Preservative
359	Renovation of specialist root canal treatment 3 canals	Preservative
401	Renovation of specialist root canal treatment 4 canals	Preservative
219	First meeting for apexification	Preservative
220	Second And more meetings for apexification	Preservative
304	Amputation of tooth point	Preservative
305	Additional point in the same meeting	Preservative
223	Amputation of tooth point – by a specialist	Preservative
330	hemisection and amputation	Preservative
394	hemisection and amputation by a specialist	Preservative
300	Ordinary extraction	Preservative
301	Additional extraction	Preservative
368	Extraction of a primary tooth	Preservative
369	Extraction of another primary tooth in the same meeting	Preservative
302	Surgical extraction or impacted tooth	Preservative
378	Surgical extraction or non impacted tooth	Preservative
379	Extraction of a impacted tooth	Preservative
380	Surgical extraction of a super numerary	Preservative
299	Surgical extraction by a specialist impacted tooth	Preservative
221	Extraction or exposure of teeth/ impacted tooth buds	Preservative
440	Extraction for orthodontal purposes	Preservative
334	Treatment of dry socket	Preservative
703	space maintainer	Preservative
303	Surgical abscess opening	Preservative
308	Abscess drainage via the tooth	Preservative
383	Abscess drainage via the gums	Preservative
210	Gums amputation	Preservative
386	Teeth whitening	Preservative
403	General anesthesia auto-sedation	Preservative
400	Prosthodontic examination and treatment plan	Prosthodontics
712	Prolongation of a crown	Prosthodontics
500	Direct structure	Prosthodontics
504	Replacement of a direct structure	Prosthodontics

Treatment code	Treatment description	Type of treatment	Treatment code	Treatment description	Type of treatment
501	Cast structure	Prosthodontics	739	Soft lining in the laboratory	Prosthodontics
505	Replacement of cast structure	Prosthodontics	698	Selective sharpening	Prosthodontics
503	Structure over an implant	Prosthodontics	709	Repair of crown paste facet	Prosthodontics
530	Replacement of a structure into an implant	Prosthodontics	800	Periodontal examination and treatment plan	Periodontics
600	Full or veneer crown	Prosthodontics	869	Periodic periodontal examination	Periodontics
609	Replacement of a veneer crown	Prosthodontics	879	Complementary conservative treatment for 1/6 of the mouth	Periodontics
601	Porcelain crown with or without metal	Prosthodontics	880	Maintenance, examination and plaque removal	Periodontics
602	Replacement of a porcelain crown	Prosthodontics	882	Treatment with the insertion of local medications to Periodontal cysts	Periodontics
606	Zircon crown	Prosthodontics	799	Periochip	Periodontics
607	Replacement of a zircon crown	Prosthodontics	801	Curettage canal scraping to 1/6 of the mouth	Periodontics
603	Provisional crown	Prosthodontics	802	Gums surgery to 1/6 of the mouth	Periodontics
604	Crown over an implant	Prosthodontics	825	Gums implant	Periodontics
529	Replacement of a crown over an implant	Prosthodontics	812	Maintenance treatment after surgery	Periodontics
608	Zircon crown over an implant	Prosthodontics	803	Draining of an abscess from a periodontal origin	Periodontics
733	Partial provisional prosthesis – 3 teeth or more	Prosthodontics	804	Amalgam splint	Periodontics
734	Partial provisional prosthesis – up to 2 teeth	Prosthodontics	805	composit splint	periodontics
725	Provisional temporary prosthesis based on acrylic resin	Prosthodontics	813	occlusal splint	Periodontics
717	Full provisional/immediate prosthesis	Prosthodontics	806	Dental implants	Surgery
719	Flipper	Prosthodontics	847	Bone implant	Surgery
700	Partial acrylic prosthesis that may be removed	Prosthodontics	845	Sinus lifting - right	Surgery
701	Partial chrome cobalt prosthesis that may be removed	Prosthodontics	846	Sinus lifting - left	Surgery
702	Full prosthesis	Prosthodontics	839	Membranes	Surgery
696	Full prosthesis mounted on the jaw	Prosthodontics	935	Implant reconstruction	Surgery
740	Full prosthesis on implants including BAR	Prosthodontics	862	forced eruption / impacted tooth	Surgery
836	Joint over an implant	Prosthodontics	850	frenectomy	Surgery
909	Replacement of a joint over an implant	Prosthodontics	333	Treatment of a cyst	Surgery
716	Precise joint	Prosthodontics	335	Plaque removal from the saliva gland conductor	Surgery
737	Canal cap	Prosthodontics	388	Surgery for the extraction of an impacted anine tooth	Surgery
507	Adjuster for a crown	Prosthodontics	851	Alveoloplastics	Surgery
630	Telescopic cap	Prosthodontics	852	Biopsy – tissue extraction	Surgery
756	Bar over implants for a full prosthesis	Prosthodontics	853	Biopsy in the hospital	Surgery
704	Repair of a fracture in the prosthesis	Prosthodontics	826	Orthodontics specialist examination	Orthodontics
705	Hook replacement or addition	Prosthodontics	885	Preliminary orthodontics treatment Phase 1	Orthodontics
724	Addition of first tooth to the prosthesis	Prosthodontics	814	Repair of malocclusion – equilibration of bite	Orthodontics
726	Additional of another tooth to the prosthesis	Prosthodontics	829	Orthodontic treatment for single teeth	Orthodontics
706	Soldering	Prosthodontics	828	Orthodontic treatment – upper jaw	Orthodontics
707	Renewal of prosthesis basis	Prosthodontics	831	Orthodontic treatment – lower jaw	Orthodontics
708	Soft lining in the clinic	Prosthodontics	832	Full orthodontic treatment	Orthodontics
710	Hard lining in the laboratory	Prosthodontics	830	Complex orthodontic treatment – 2 jaws	Orthodontics
736	Hard lining in the clinic	Prosthodontics	954	Full orthodontic treatment for adults - 2 jaws	Orthodontics
